

ASprink A64M Bluetooth Shipping Label Printer 4x6

QUICK BUYER GUIDE

Small businesses needing wireless label printing for shipping and packaging

At a Glance Specs

CONNECTIVITY

Bluetooth 5.0 and USB port for wireless or wired use

BUILT-IN BIN

Stores 250 4x6 labels in compact design

SIZE

7.24"D x 6.3"W x 5.3"H footprint

PRINT SPEED

72 labels per minute with auto-calibration

COMPATIBILITY

Works with Amazon, USPS, FedEx, and 30+ platforms

OUTPUT

Monochrome thermal printing for labels

Who It Is For

- ✓ Small business owners handling frequent shipments
- ✓ E-commerce sellers managing order labels
- ✓ Warehouse staff organizing inventory
- ✓ Home users decluttering with barcode labels

Who It Is Not For

- ✗ Users requiring color printing capabilities
- ✗ Operations needing labels larger than 4.6"
- ✗ Offline environments without Bluetooth access

Trade Offs to Consider

- No ink costs but limited to monochrome output
- Compact design sacrifices expandable paper bins
- Wireless convenience vs. potential connectivity issues

How It Compares

- Saves 50% space vs. traditional printers
- Wireless printing eliminates cable clutter
- Built-in bin reduces accessory costs
- Faster setup than desktop models

Choose This If...

- ✓ Need compact wireless label printing
- ✓ Use multiple shipping platforms
- ✓ Prioritize cost-effective operation

Skip This If...

- × Require color label output
- × Need labels larger than 4.6"
- × Limited space for external bins
