## Who It Is For

---

- ✓ Business travelers needing receipts on the go
- ✓ Remote workers printing documents without power
- ✓ Event organizers creating on-site sign-in sheets
- ✓ Field staff tracking inventory with thermal labels

## Who It Is Not For

---

- ✗ Users requiring color printing capabilities
- ✗ High-volume print shops needing large formats
- ✗ Those needing frequent ink refills
- ✗ Applications requiring dual-sided printing

## Trade Offs to Consider

---

- Limited to monochrome output only
- No ink refill option required
- Single-tray design restricts paper types
- Dependent on app for Bluetooth pairing

## Users Say

---

### ● POSITIVES

- ✓ Lightweight and fits in a purse easily
- ✓ No ink costs save money long-term
- ✓ Sharp text for receipts and forms

### ● COMPLAINTS

- ⚠ App setup requires technical guidance
- ⚠ Limited paper size options for some use cases
- ⚠ Battery life falls short for heavy daily use

## How It Compares

---

- Better than inkjet printers for travel use
- Less versatile than color thermal printers
- More compact than desktop thermal printers
- Requires app instead of direct Bluetooth pairing

## Choose This If...

---

- ✓ Need portable, inkless printing for travel
- ✓ Print documents without power access
- ✓ Use thermal paper for receipts or forms

## Skip This If...

---

- × Require color printing capabilities
- × Need large-format paper support
- × Want dual-sided printing options
