

Brady R6413 Black Thermal Transfer Ribbon for BBP11 Label Printer

QUICK BUYER GUIDE

Ideal for users needing durable, solvent-resistant thermal transfer ribbon for Brady BBP11 label printers

At a Glance Specs

-  **LENGTH**
242 feet for extended printing runs
-  **CORE COLOR**
Green-coded for easy differentiation
-  **WEIGHT**
2.4 ounces for manageable handling
-  **COMPATIBILITY**
Specifically designed for Brady BBP11 printers

-  **WIDTH**
4 inches for standard label dimensions
-  **MANUFACTURER**
Japanese-made for consistent quality
-  **DIMENSIONS**
4.6 x 2 x 1.4 inches for compact storage
-  **RESISTANCE**
High heat and scratch resistance for durability

Who It Is For

-  Users with Brady BBP11 label printers
-  Industrial environments requiring solvent-resistant materials
-  Applications needing high-heat durability
-  Users prioritizing color-coded core identification

Who It Is Not For

-  Users with non-Brady BBP11 printers
-  Applications requiring different core colors
-  Users needing lower scratch resistance
-  Those prioritizing minimal package weight

Trade Offs to Consider

- Green core may limit color options
- Heavier than some competitor ribbons
- Requires specific printer compatibility
- Limited to 242' length per roll

How It Compares

- Green core vs. other color-coded options
- Higher heat resistance vs. standard ribbons
- 242' length vs. shorter competitor rolls
- Japanese manufacturing vs. other regional producers

Choose This If...

- ✓ Need solvent-resistant thermal ribbon
- ✓ Use Brady BBP11 label printers
- ✓ Prioritize color-coded core identification
- ✓ Require high-heat durability

Skip This If...

- ✗ Need different core color options
- ✗ Use non-Brady printers
- ✗ Prioritize minimal package weight
- ✗ Require longer roll lengths
