Who It Is For

-  Home offices needing fast, multifunctional printing
-  Small businesses requiring cloud and mobile printing
-  Users who want NFC one-touch print and scan
-  Those needing automatic duplex printing
-  People using Alexa for ink alerts
-  Users with cloud storage for printing
-  Need for touchscreen navigation

Who It Is Not For

-  Users needing faster than 17 ppm black printing
-  Those without Alexa for ink alerts
-  Need for non-cloud printing
-  Large-volume printing needs
-  No NFC one-touch features
-  No touchscreen interface

Trade Offs to Consider

-  Slower than some higher-end models
-  Requires Brother Genuine ink cartridges
-  Limited media sizes (up to 8.5x14)
-  No advanced features like automatic duplex

Users Say

● POSITIVES

- ✓ Easy touchscreen navigation for cloud printing
- ✓ NFC makes mobile printing effortless
- ✓ Alexa integration simplifies ink management

● COMPLAINTS

- ⚠ Ink costs add up over time
- ⚠ Limited media size options
- ⚠ No advanced paper handling features

How It Compares

- Higher-end models offer faster printing speeds
- Larger media sizes available in competitors
- More advanced features in premium models
- No voice commands beyond Alexa integration

Choose This If...

- ✓ Fast printing for home or small business use
- ✓ Multifunctional printing, scanning, and copying
- ✓ Cloud integration for remote printing
- ✓ NFC one-touch print and scan for mobile devices
- ✓ Touchscreen for easy navigation
- ✓ Alexa integration for ink alerts
- ✓ Uses Brother Genuine ink for reliable prints

✗ Skip This If...

- ✗ Need faster printing than 17 ppm black
- ✗ Prefer non-genuine ink options
- ✗ Require larger media sizes than 8.5x14
- ✗ Need advanced features beyond automatic duplex
- ✗ No voice commands beyond Alexa
- ✗ Limited cloud service options
- ✗ No mobile app for advanced management
