## Who It Is For

---

-  Small business owners needing multifunctional printing
-  Remote workers requiring wireless document sharing
-  Home offices with limited desk space
-  Teams needing network-wide printer access

## Who It Is Not For

---

-  Users requiring color printing capabilities
-  Workspaces with extreme space constraints
-  Those without Alexa-enabled devices
-  Photography studios needing high-resolution scans

## Trade Offs to Consider

---

-  Monochrome only - no color printing options
-  Requires cable for initial setup
-  26-pound weight may limit mobility
-  250-sheet tray needs frequent refills

## How It Compares

---

- Faster than basic laser printers but slower than high-end models
- More feature-rich than single-function printers
- Less compact than portable printers
- Better connectivity options than older models

## Choose This If...

---

- ✓ You need fast monochrome printing
- ✓ Wireless connectivity is essential
- ✓ You use Alexa for voice commands
- ✓ Space is limited in your workspace

## Skip This If...

---

- ✗ Color printing is required
- ✗ You need high-resolution scans
- ✗ You prioritize extreme portability
- ✗ You have very limited desk space
