Who It Is For

- ✓ Small businesses needing fast printing
- ✓ Offices requiring scanning and copying
- ✓ Users needing wireless connectivity
- ✓ Teams needing dual-band Wi-Fi support

Who It Is Not For

- ✗ Home users with low print volume
- ✗ Users needing color printing
- ✗ Those needing high-volume color output
- ✗ Individuals with limited space

Trade Offs to Consider

- Larger footprint than compact printers
- No color printing capability
- Higher initial cost than basic models
- Requires toner refills for ongoing use

Users Say

● POSITIVES

- ✓ Fast and reliable for office use
- ✓ Good for scanning large documents
- ✓ Easy to set up on wireless networks

● COMPLAINTS

- ⚠ Toner can be expensive over time
- ⚠ Larger size takes up more space
- ⚠ No color options available

How It Compares

- Faster than basic monochrome printers
- More expensive than entry-level models
- Better for scanning than standalone copiers
- Lacks color printing capabilities

Choose This If...

- ✓ You need fast, reliable monochrome printing
- ✓ You require scanning and copying features
- ✓ You want wireless connectivity options
- ✓ You need duplex printing for efficiency

Skip This If...

- × You need color printing capabilities
- × You have limited space for large devices
- × You prefer lower upfront costs
- × You don't need scanning or copying
