DUPLEX PRINTING

Automatic two-sided printing for single-sided documents

✓ Who It Is For

- ✓ Users printing 500+ pages monthly
- ✓ Those prioritizing long-term ink cost savings
- ✓ People needing auto duplex for single-sided documents
- ✓ Home offices with multiple wireless devices
- ✓ Users requiring refillable ink systems
- ✓ Photographers needing color page yield
- ✓ Small businesses with high-volume printing

✗ Who It Is Not For

- ✗ Low-volume home users
- ✗ Those needing only color printing
- ✗ Users without wireless connectivity
- ✗ Photographers requiring high-resolution output
- ✗ Individuals preferring disposable ink cartridges
- ✗ Users needing specialized media support
- ✗ Small businesses with minimal printing needs

Trade Offs to Consider

- Higher upfront cost vs standard cartridges
- Limited color options compared to dedicated photo printers
- Requires regular refilling maintenance
- Slower color print speed than laser printers
- Larger footprint than compact printers
- Complex setup for advanced features
- No built-in scanning capabilities

How It Compares

- More ink capacity than standard cartridges
- Lower cost per page than laser printers
- Higher page yield than most inkjet printers
- Simpler maintenance than toner systems
- Better value for high-volume users
- Slower color output than dedicated photo printers
- Larger footprint than compact printers

Choose This If...

- ✓ You need high-volume printing
- ✓ You prioritize long-term ink savings
- ✓ You require auto duplex functionality
- ✓ You have multiple wireless devices
- ✓ You want refillable ink system
- ✓ You need color page yield
- ✓ You have home/office printing needs

Skip This If...

- ✗ Your printing volume is low
- ✗ You need only color printing
- ✗ You lack wireless connectivity
- ✗ You require high-resolution output
- ✗ You prefer disposable ink cartridges
- ✗ You need specialized media support
- ✗ Your business has minimal printing needs
