

Canon PIXMA G620 Wireless Photo All-in-One Printer (Print, Copy, Scan)

QUICK BUYER GUIDE

Ideal for photographers needing high-volume, high-quality photo printing with Alexa integration

At a Glance Specs

HIGH INK YIELD

Prints 3,800 4x6 photos per ink set

LOW COST PER PRINT

Approximately 2.5 cents per 4x6 photo

WIRELESS CONNECTIVITY

Prints from mobile devices via Wi-Fi

COMPACT DESIGN

Fits in small spaces with minimal footprint

ALEXA INTEGRATION

Reorders ink automatically via voice commands

COLOR ACCURACY

6-color dye-based system for vivid photos

DUAL-SIDED PRINTING

Prints on both sides of paper automatically

Who It Is For

-  Photographers needing high-volume photo printing
-  Scrapbookers creating photo albums
-  Families printing memories for albums
-  Users prioritizing ink cost efficiency
-  Those requiring Alexa voice control
-  People with limited workspace

Who It Is Not For

-  Users needing ultra-fast printing speeds
-  Those prioritizing color accuracy over cost
-  People with limited Wi-Fi connectivity
-  Users requiring advanced photo editing features
-  Individuals needing high-speed document scanning
-  Those wanting compact design with large media support

Trade Offs to Consider

-  High ink yield vs. slower print speeds
-  Cost-effective printing vs. limited media sizes
-  Alexa integration vs. complex setup
-  Compact design vs. reduced media capacity
-  Dye-based ink vs. archival longevity
-  Wireless printing vs. wired reliability

How It Compares

- Compared to standard printers: 10x higher ink yield
- Versus inkjet rivals: Alexa integration is unique
- Relative to laser printers: Lower per-print cost
- Against compact models: Limited media size support
- To photo printers: Slower print speeds
- With tank printers: Similar cost efficiency

Choose This If...

- ✓ Need high-volume photo printing
- ✓ Want Alexa voice control
- ✓ Prioritize ink cost savings
- ✓ Have limited workspace
- ✓ Require automatic reordering

Skip This If...

- ✗ Need faster print speeds
- ✗ Prioritize archival photo longevity
- ✗ Require advanced photo editing
- ✗ Want larger media size support
- ✗ Need high-speed document scanning
