## Who It Is For

---

-  Users who need simple wireless printing
-  Home users with limited tech skills
-  People who print from smartphones and tablets
-  Those who want fast black-and-white printing
-  Users who need scanning and copying
-  Individuals who prefer voice-controlled devices

## Who It Is Not For

---

-  Users who need high-speed color printing
-  Those who require large-format printing
-  People who need duplex printing
-  Users who want advanced photo printing
-  Individuals who need cloud-based printing
-  Those who prefer ink tank systems

## Trade Offs to Consider

---

-  Slower color printing than some models
-  No built-in duplex printing
-  Limited mobile printing options
-  Requires manual paper reloading
-  Smaller print resolution for photos
-  No automatic document feeder

## Users Say

---

### ● POSITIVES

- ✓ Easy to set up with smartphone
  - ✓ Good for basic printing and scanning
  - ✓ Works well with Alexa and other smart devices
  - ✓ Simple ink cartridge replacement
  - ✓ Prints from multiple devices easily
- 

### ● COMPLAINTS

- ⚠ Print speed is slower than expected
- ⚠ No automatic duplex printing
- ⚠ Limited paper size options
- ⚠ Ink costs more over time
- ⚠ Setup can be confusing for some users

## How It Compares

---

- Faster black-and-white printing than some models
- Simpler setup than advanced printers
- More affordable than premium all-in-ones
- Fewer features than high-end printers
- Better for basic home use than professional models
- Less reliable for photo printing than specialized models

## Choose This If...

---

- ✓ You need wireless printing and scanning
- ✓ You print mainly in black and white
- ✓ You want simple setup and use
- ✓ You need to print from multiple devices
- ✓ You prefer voice control features
- ✓ You don't need advanced photo printing

## ✗ Skip This If...

---

- ✗ You need high-speed color printing
- ✗ You want duplex printing
- ✗ You require large-format printing
- ✗ You need advanced photo quality
- ✗ You prefer ink tank systems
- ✗ You want cloud-based printing
