Epson Stylus C88+ Color Inkjet Printer

QUICK BUYER GUIDE

Ideal for home users needing color prints on plain paper

At a Glance Specs

PRINT SPEED
23 ppm mono, 14 ppm color

RESOLUTION
5760 x 1440 dpi color

CONNECTIVITY
USB 2.0 port included

MEDIA TYPES
Plain, bond, cardstock, photo paper

POWER
19W operating, 0.8W standby

DIMENSIONS
9.5 x 18.1 x 7.6 inches

Who It Is For

- Home users needing color prints
- Small offices with limited space
- Photographers printing photos
- Students requiring high-resolution prints

Who It Is Not For

- Large-volume print shops
- Users needing duplex printing
- Those requiring high-speed monochrome printing

Trade Offs to Consider

- Limited media types (no envelopes)
- No duplex printing capability
- Higher power consumption than laser printers

How It Compares

- Slower than laser printers for monochrome
- Less versatile than multifunction printers

✅ Choose This If...

✓ Need color prints on plain paper

✓ Prioritize print quality over speed

✕ Skip This If...

✕ Require duplex printing

✕ Need high-speed monochrome output

✕ Want lower power consumption
