ECO-FRIENDLY

Zero cartridge waste design

Who It Is For

-  Small businesses needing document scanning
-  Remote workers sharing files wirelessly
-  Students digitizing paper notes
-  Home users with limited desk space
-  Teams collaborating on cloud storage
-  Environmental-conscious printers

Who It Is Not For

-  High-volume print shops
-  Users needing laser printer quality
-  Those preferring separate scanning/printing
-  Mobile-only users without Wi-Fi
-  Budget-conscious users without upfront costs
-  Users requiring 24/7 printing

Trade Offs to Consider

-  Slower than dedicated printers
-  Limited paper size options
-  Requires initial setup time
-  Smaller print area than desktop printers
-  Less durable than laser printers
-  Higher upfront cost than basic models

How It Compares

- Combines scanning and printing in one
- More cost-effective than separate devices
- Better for small workloads than large printers
- Easier to set up than multifunction printers
- Less versatile than dedicated scanners
- More eco-friendly than cartridge systems

Choose This If...

- ✓ Need both scanning and printing
- ✓ Want wireless file sharing
- ✓ Prioritize ink cost savings
- ✓ Value eco-friendly design
- ✓ Have limited desk space
- ✓ Need cloud storage integration

Skip This If...

- ✗ Require high-volume printing
- ✗ Need faster print speeds
- ✗ Prefer separate devices
- ✗ Lack Wi-Fi connectivity
- ✗ Want 24/7 printing
- ✗ Need laser printer quality
