## Who It Is For

---

-  DTC300 card printer users
-  C30e thermal printer operators
-  Fargo Persona printer owners
-  High-volume label printing needs
-  Cyan color preference users
-  Legacy printer maintenance staff

## Who It Is Not For

---

-  Users requiring black thermal ribbons
-  Owners of non-DTC300 printers
-  Dye sublimation printing needs
-  Single-use ribbon consumers
-  Color-critical print applications
-  Modern laser printer users

## Trade Offs to Consider

---

- Higher cost than generic alternatives
- Limited color options compared to dye sublimation
- Bulk packaging may require storage space
- No built-in print head protection
- Requires regular replacement intervals
- Not suitable for outdoor printing environments

## How It Compares

---

- Designed for thermal resin printing vs. dye sublimation
- Fits DTC300 models vs. other printer types
- Cyan-only output vs. full-color options
- Bulk packaging vs. single-ribbon sales
- Durable panels vs. standard ribbons
- Manufacturer-specific vs. universal compatibility

## Choose This If...

---

- ✓ Need cyan thermal resin ribbons
- ✓ Own DTC300 or compatible printers
- ✓ Require durable printing panels
- ✓ Purchase in bulk quantities
- ✓ Prioritize manufacturer support
- ✓ Use legacy card printing systems

## ✗ Skip This If...

---

- ✗ Need black or multi-color ribbons
- ✗ Use non-Fargo printers
- ✗ Require instant print head protection
- ✗ Need compact single-ribbon packaging
- ✗ Print outdoors or in harsh conditions
- ✗ Seek lower-cost alternatives
