## Who It Is For

---

-  Users needing tri-color printing for photos
-  Small businesses with moderate printing needs
-  Students creating school projects
-  Home users printing documents and images
-  Photographers requiring fade-resistant output
-  Office workers needing reliable ink performance

## Who It Is Not For

---

-  High-volume printers requiring more than 100 pages
-  Users needing single-color ink cartridges
-  Those prioritizing eco-friendly alternatives
-  Printers requiring faster drying times
-  Customers seeking third-party ink options

## Trade Offs to Consider

---

-  Lower page yield compared to high-capacity cartridges
-  Higher cost than compatible alternatives
-  Limited color options vs. full-color cartridges
-  Less eco-friendly than some recycled ink options

## How It Compares

---

- Less page yield than HP 65XL variants
- Higher cost than compatible cartridges
- Narrower color range than full-color options
- More expensive than generic alternatives

## Choose This If...

---

- ✓ You need tri-color printing for photos
- ✓ Your printer is on HP's compatible list
- ✓ You prioritize HP's quality assurance
- ✓ You want fade-resistant documents

## Skip This If...

---

- ✗ You print more than 100 pages monthly
- ✗ You prefer third-party ink options
- ✗ You need full-color printing capabilities
- ✗ You're budget-conscious
