## Who It Is For

---

-  Small teams needing color printing
-  Businesses with high print demands
-  Users requiring secure network printing
-  Teams needing wireless connectivity
-  Users prioritizing energy efficiency
-  Users needing automatic duplex printing

## Who It Is Not For

---

-  Home users with low print volume
-  Users needing large input trays
-  Users requiring advanced security features
-  Users needing mobile printing apps
-  Users looking for low-cost toner
-  Users needing high-resolution photos

## Trade Offs to Consider

---

-  No mobile printing apps included
-  Limited toner compatibility
-  Higher upfront cost than inkjets
-  Not ideal for high-volume printing
-  Requires original HP toner cartridges
-  No built-in scanning or faxing

## Users Say

---

### ● POSITIVES

- ✓ Professional color output is impressive
- ✓ Wireless setup was easy to configure
- ✓ Prints are fast and reliable
- ✓ Security features give peace of mind

---

### ● COMPLAINTS

- ⚠ Toner cartridges are expensive
- ⚠ No mobile printing app included
- ⚠ Setup required technical knowledge
- ⚠ Limited paper size options

## How It Compares

---

- Better color output than most inkjets
- Slower than high-end laser printers
- More secure than standard laser printers
- Less energy-efficient than laser printers
- More expensive than basic laser printers
- Fewer features than multifunction printers

## Choose This If...

---

- ✓ You need professional color printing
- ✓ You require secure wireless printing
- ✓ You value energy efficiency
- ✓ You print in high volumes
- ✓ You need automatic duplex printing

## ✗ Skip This If...

---

- ✗ You need low-cost toner
- ✗ You print mostly black and white
- ✗ You need mobile printing apps
- ✗ You need scanning or faxing
- ✗ You print in small volumes
