Who It Is For

- High-volume black-and-white printing needs
- Businesses requiring network security features
- Users needing expandable memory slots
- Workgroups with duplex printing requirements

Who It Is Not For

- Small offices with low print volume
- Users requiring color printing capabilities
- Those needing wireless connectivity
- People prioritizing compact design

⚖️ Trade Offs to Consider

- Higher power consumption than compact models

- Larger footprint compared to desktop printers

- Limited paper capacity (max 250 sheets)

- No color printing or multifunction features

⇄ How It Compares

- Faster than basic monochrome laser printers

- Better memory expansion than compact models

- More secure than non-networked printers

- Larger than A4-sized desktop printers

✅ Choose This If...

- ✓ Need high-speed black-and-white printing
- ✓ Require expandable memory slots
- ✓ Value network security features
- ✓ Need automatic duplex printing

✕ Skip This If...

- ✕ Require color printing capabilities
- ✕ Need wireless connectivity options
- ✕ Prioritize compact form factor
- ✕ Seek lower power consumption
