HP LaserJet Pro 400 M401n Monochrome Laser Printer (Renewed)

QUICK BUYER GUIDE

Small to medium offices need fast, reliable monochrome printing with a 35 ppm laser printer

At a Glance Specs

PRINT SPEED
Prints up to 35 pages per minute

CONNECTIVITY
USB 2.0 port for direct connection

DUPLEX
Automatic two-sided printing enabled

TONER
Black toner cartridge included

MEMORY
128MB memory for smooth operation

INPUT CAPACITY
250-sheet tray for high-volume jobs

WARRANTY
90-day limited warranty included

Who It Is For

- Offices with high-volume black-and-white printing needs

- Users requiring reliable refurbished printer performance

- Teams needing network-ready printing solutions

- Budget-conscious buyers prioritizing speed over color

Who It Is Not For

- Home users with low print volume

- Users needing color printing capabilities

- Environments requiring higher color print speeds

- Organizations needing paper capacity over 250 sheets

⚖️ Trade Offs to Consider

- Slower color print speed compared to higher-end models

- Limited paper capacity compared to commercial printers

- No built-in color printing functionality

- Refurbished units may have minor wear from prior use

⇄ How It Compares

- Faster than most consumer-grade laser printers

- Slower than high-end office color printers

- Less durable than commercial print servers

- More cost-effective than new models

Choose This If...

✓ You need fast monochrome printing for daily office use

✓ You want a reliable refurbished printer with warranty

✓ You require network connectivity for shared printing

✓ You prioritize speed over color printing capabilities

Skip This If...

✕ You need color printing or higher capacity

✕ You require faster color print speeds

✕ You need paper handling beyond 250 sheets

✕ You prefer new, unused equipment
