# HP LaserJet Pro M404dn Monochrome Laser Printer with Ethernet and Double-Sided Printing

QUICK BUYER GUIDE

Small businesses needing fast, secure, double-sided printing with Ethernet connectivity

⚙ At a Glance Specs

PRINT SPEED
42 pages per minute

DUPLEX PRINTING
Automatic two-sided printing

CONNECTIVITY
Built-in Ethernet and USB 2.0 ports

MEMORY
256 MB RAM

WEIGHT
8.35 pounds

SECURITY
Embedded threat detection and PIN printing

✓ Who It Is For

- ✓ Offices requiring secure document printing
- ✓ Teams needing Ethernet network sharing
- ✓ Users prioritizing energy efficiency
- ✓ Workspaces with limited counter space

✕ Who It Is Not For

- ✕ Users needing color printing capabilities
- ✕ High-volume print shops
- ✕ Remote workers without Ethernet access
- ✕ Environments with strict wireless requirements

⚖ Trade Offs to Consider

- Slower than higher-end laser printers
- Less energy-efficient than some competitors
- No built-in wireless connectivity
- Limited mobile app integration

⇄ How It Compares

- Ethernet vs. wireless connectivity options
- Duplex printing vs. single-sided models
- Security features vs. basic printers
- Energy efficiency vs. higher-capacity rivals

✓ Choose This If...

- ✓ Need fast, secure monochrome printing
- ✓ Require Ethernet network sharing
- ✓ Value energy efficiency
- ✓ Need automatic duplex functionality

✕ Skip This If...

- ✕ Require color printing capabilities
- ✕ Need wireless connectivity
- ✕ Expect higher print volumes
- ✕ Prioritize mobile app integration
