## Who It Is For

---

-  Small office with limited space
-  Users needing wireless printing
-  Teams using mobile devices
-  Businesses with low-volume printing
-  Users looking for fast monochrome output
-  Office environments with standard paper sizes

## Who It Is Not For

---

-  Users requiring color printing
-  High-volume print shops
-  Those needing duplex printing
-  Users with limited wireless access
-  People needing advanced networking
-  Individuals with large document needs

## Trade Offs to Consider

---

-  No built-in duplex printing
-  Limited media size options
-  No cloud connectivity
-  Requires additional toner and drum
-  No built-in scanning or copying
-  Higher power consumption than some models

## Users Say

---

### ● POSITIVES

- ✓ Fast and reliable for small office use
  - ✓ Easy to set up with wireless printing
  - ✓ Good quality for monochrome prints
  - ✓ Works well with mobile devices
  - ✓ Simple and straightforward interface
- 

### ● COMPLAINTS

- ⚠ No built-in duplex printing
- ⚠ Limited paper size options
- ⚠ Additional cost for toner and drum
- ⚠ No cloud connectivity features
- ⚠ Higher power usage than expected

## How It Compares

---

- Faster than older HP P1102 model
- More compact than some laser printers
- Fewer features than color printers
- Better mobile integration than older models
- Lower power efficiency than some competitors
- Simpler interface than multifunction printers

## Choose This If...

---

- ✓ You need fast monochrome printing
- ✓ You have limited space for a printer
- ✓ You use mobile devices for printing
- ✓ You want wireless printing without a network
- ✓ You print in low volumes
- ✓ You prioritize speed over advanced features

## ✗ Skip This If...

---

- ✗ You need color printing
- ✗ You print in high volumes
- ✗ You require duplex printing
- ✗ You need advanced networking features
- ✗ You have limited space for additional accessories
- ✗ You need cloud-based printing
