## ✓ Who It Is For

- ✓ Home offices needing color printing, scanning, and faxing

- ✓ Small businesses requiring wireless connectivity

- ✓ Users needing automatic document feeder

- ✓ Those wanting duplex printing for efficient paper use

- ✓ People needing secure wireless printing

- ✓ Users looking for HP Instant Ink subscription

## ✕ Who It Is Not For

- ✕ High-volume print shops requiring faster speeds

- ✕ Large offices needing multiple printers

- ✕ Users prioritizing monochrome printing only

- ✕ Those without wireless connectivity needs

- ✕ Individuals needing enhanced security features

- ✕ Users requiring manual document feeding

## ⚖ Trade Offs to Consider

- ● Slower monochrome speed than some models

- ● Limited paper capacity compared to larger printers

- ● Requires subscription for Instant Ink

- ● Higher initial cost than basic models

- ● Complex setup for advanced features

- ● Less durable than commercial-grade printers

## ⇄ How It Compares

- Better than basic models with wireless and ADF

- Slower than high-end printers for large jobs

- More secure than standard printers with HP Wolf

- Fewer features than multifunction printers

- Higher cost than entry-level printers

- Better ink efficiency with HP Instant Ink

## ✓ Choose This If...

- ✓ Needs color printing, scanning, and faxing

- ✓ Values wireless connectivity and security

- ✓ Wants duplex printing and ADF support

- ✓ Uses HP Instant Ink for ink management

## ✕ Skip This If...

- ✕ Requires faster monochrome printing

- ✕ Needs higher paper capacity

- ✕ Prefers no subscription ink service

- ✕ Looks for more advanced security features

- ✕ Needs manual document feeding without ADF
