## Who It Is For

---

-  Home users needing instant photo printing
-  Parents capturing family memories
-  Travelers wanting to print on the go
-  Gift givers creating personalized prints
-  Photography hobbyists for quick prints
-  Event planners needing instant photo sharing

## Who It Is Not For

---

-  Professionals needing high-volume printing
-  Users without smartphones or Wi-Fi
-  Those requiring borderless printing
-  People needing duplex printing
-  Users with limited space for large printers
-  Individuals needing scanner functionality

## Trade Offs to Consider

---

-  Limited to 4x6 inch prints only
-  No built-in scanner or duplex printing
-  Requires AAA batteries for portability
-  Prints are not fully waterproof without layer
-  Limited to smartphone app controls
-  Not suitable for high-volume or commercial use

## Users Say

---

### ● POSITIVES

- ✓ Easy to use with the HeyPhoto app
  - ✓ Great for creating instant photo albums
  - ✓ Prints are vibrant and long-lasting
  - ✓ Perfect for family events and travel
  - ✓ Portable and convenient for home use
- 

### ● COMPLAINTS

- ⚠ Battery life is limited for extended use
- ⚠ No option for borderless printing
- ⚠ Print speed is slower than expected
- ⚠ Limited to 4x6 inch print sizes
- ⚠ App requires regular updates

## How It Compares

---

- Better than traditional photo labs for instant prints
- Less than high-end printers for volume and quality
- More convenient than desktop printers for portability
- Fewer features than professional photo printers
- Easier to use than multifunction printers
- More expensive than basic photo printers

## Choose This If...

---

- ✓ You need instant photo printing at home
- ✓ You want to create lasting memories with prints
- ✓ You have a smartphone and Wi-Fi access
- ✓ You value portability and ease of use
- ✓ You enjoy creative features like AR videos
- ✓ You need a compact printer for travel

## Skip This If...

---

- ✗ You need high-volume or commercial printing
- ✗ You require borderless or duplex printing
- ✗ You need a scanner or advanced features
- ✗ You have limited space for large printers
- ✗ You want faster print speeds
- ✗ You prefer built-in scanners or multifunctionality
