### OUTPUT

**Monochrome text/graphics only**

## Who It Is For

---

-  Manufacturers printing batch numbers on products
-  Logistics teams marking shipping containers
-  Small businesses needing on-site labeling
-  Retailers applying expiration dates to goods

## Who It Is Not For

---

-  Users requiring color printing capabilities
-  Applications needing permanent ink solutions
-  High-volume industrial labeling needs
-  Those needing dual-sided printing

## Trade Offs to Consider

---

- Non-permanent ink may fade over time
- Limited to monochrome output only
- USB-only connectivity restricts mobility
- Requires regular ink cartridge replacements

## How It Compares

---

- Less versatile than color label printers
- No wireless connectivity options
- Smaller print area than desktop models
- Higher maintenance costs for ink

## Choose This If...

---

- ✓ Need portable on-site labeling
- ✓ Print batch numbers/QR codes
- ✓ Use USB-connected devices
- ✓ Require quick-drying ink

## ✗ Skip This If...

---

- ✗ Need color printing capabilities
- ✗ Require permanent ink solutions
- ✗ Need wireless connectivity
- ✗ Expect high-volume printing
