## Who It Is For

---

-  Need instant receipts for food trucks
-  Print contracts at coffee shops
-  Create parking passes for events
-  Document property inspections on-site
-  Print travel documents at airports
-  Generate scavenger hunt lists

## Who It Is Not For

---

-  Require color printing
-  Need large format printing
-  Looking for inkjet printers
-  Need duplex printing
-  Require high-speed color output
-  Need to print images with solid black areas

## Trade Offs to Consider

---

-  Limited to thermal paper only
-  No color printing capability
-  Battery requires separate thermal paper
-  Smaller media size than some models
-  No built-in scanner
-  Battery life may vary with usage

## Users Say

---

### ● POSITIVES

- ✓ Prints 300DPI documents in seconds
- ✓ Lightweight and easy to carry
- ✓ Bluetooth pairing is quick and simple

---

### ● COMPLAINTS

- ⚠ Battery life decreases with frequent use
- ⚠ Thermal paper can be costly over time
- ⚠ No color options for certain documents

## How It Compares

---

- Smaller than desktop thermal printers
- No built-in scanner like some models
- Battery life shorter than some competitors
- Limited media size compared to office printers
- No color printing options
- Requires separate thermal paper

## Choose This If...

---

- ✓ Need portable, inkless printing
- ✓ Prioritize quick document creation
- ✓ Travel frequently with printing needs
- ✓ Use thermal paper for receipts/invoices
- ✓ Want Bluetooth/USB connectivity
- ✓ Print standard letter sizes on-the-go

## Skip This If...

---

- ✗ Require color printing
- ✗ Need large format output
- ✗ Want duplex printing
- ✗ Looking for built-in scanners
- ✗ Need extended battery life
- ✗ Require long-term ink savings
