100V-240V 50/60Hz input range

 **SAFETY CERTIFICATIONS**
Certified for short circuit and overvoltage protection

 **CABLE LENGTH**
5 feet standard length

 **COLOR**
Black industrial-grade cable

 **CONNECTOR TYPE**
Standard AC plug with built-in fuse

 **COMPATIBILITY**
Designed for HP DesignJet Studio Wood plotter

Who It Is For

-  HP DesignJet Studio Wood plotter owners
-  Users needing 5ft cable length
-  Those requiring safety certifications
-  Users prioritizing overcurrent protection

Who It Is Not For

-  Owners of non-HP large format printers
-  Users needing longer than 5ft cables
-  Those without voltage compatibility needs
-  Individuals requiring adjustable connectors

Trade Offs to Consider

-  Fixed 5ft length with no extension options
-  Limited to specific HP model compatibility
-  No built-in surge protection features
-  Black color may not match custom setups

How It Compares

- Shorter than generic 6ft cords
- Less flexible than adjustable cables
- More expensive than basic power cords
- No warranty information provided

Choose This If...

- ✓ Your printer requires 5ft cable length
- ✓ You need safety certifications
- ✓ You own an HP DesignJet Studio Wood plotter
- ✓ Overcurrent protection is critical

Skip This If...

- ✗ You need a longer cable
- ✗ Your printer isn't HP-compatible
- ✗ You prefer adjustable connectors
- ✗ You require a different color option
