Who It Is For

-  Users with DTF printers needing refill ink
-  Those printing on textiles and fabrics
-  DIY creators making custom gifts
-  Users looking for washable prints
-  Printers needing high-yield ink
-  Users with compatible Epn models

Who It Is Not For

-  Users with non-DTF printers
-  Those needing single-color ink
-  Printers using non-alcohol-based inks
-  Users without compatible models
-  Those needing large-volume ink
-  Users with limited storage space

Trade Offs to Consider

-  Requires careful handling for clogging
-  Limited color options for specialized printing
-  Not suitable for non-DTF printers
-  May need regular refills
-  Limited compatibility with older models
-  Requires proper storage to prevent drying

Users Say

● POSITIVES

- ✓ Bright and washable prints
 - ✓ Easy to refill and use
 - ✓ Good for DIY projects
 - ✓ High yield for frequent use
 - ✓ Works well with multiple materials
-

● COMPLAINTS

- ⚠ Limited color options
- ⚠ Need for careful handling
- ⚠ Not suitable for all printer models
- ⚠ May dry out if not stored properly
- ⚠ Requires additional tools for use

How It Compares

- Better than single-color inks for multi-material use
- More cost-effective than buying individual bottles
- Less versatile than specialized inks
- Requires more maintenance than pre-filled cartridges
- Better for frequent users than single-use inks
- Less suitable for non-DTF printers than other options

Choose This If...

- ✓ You need refill ink for DTF printers
- ✓ You print on textiles and fabrics
- ✓ You want high-yield ink for frequent use
- ✓ You make custom DIY gifts
- ✓ You need washable, bright prints
- ✓ You have compatible Epn models

✗ Skip This If...

- ✗ Your printer is not compatible with DTF inks
- ✗ You need single-color ink only
- ✗ You have limited storage space
- ✗ You don't use your printer frequently
- ✗ You prefer pre-filled cartridges
- ✗ You need specialized ink for specific materials
