## Who It Is For

---

- ✓ Offices with high-volume black-and-white printing needs
- ✓ Remote teams requiring cloud and mobile integration
- ✓ Workgroups needing document scanning and faxing
- ✓ Departments with dual-sided printing requirements

## Who It Is Not For

---

- ✗ Small home offices with low print volume
- ✗ Users requiring color printing capabilities
- ✗ Environments without wireless network access
- ✗ Customers needing standalone scanning only

## Trade Offs to Consider

---

- Higher cost vs simpler monochrome printers
- Setup complexity vs basic wired connections
- Larger footprint vs compact desktop units
- Toner cost vs inkjet cartridge expenses

## How It Compares

---

- Faster than basic monochrome laser printers
- More feature-rich than standalone scanners
- Better network integration than wired-only models
- Higher upfront cost than entry-level printers

## Choose This If...

---

- ✓ Need high-speed black-and-white printing
- ✓ Require all-in-one scanning and faxing
- ✓ Value wireless network connectivity
- ✓ Need automatic duplex printing

## Skip This If...

---

- ✗ Only need color printing capabilities
- ✗ Print volume is less than 100 pages/day
- ✗ Don't require wireless connectivity
- ✗ Prefer simpler standalone devices
