Oil-resistant and scratch-proof

Who It Is For

-  Label printer users needing gradient thermal labels
-  Home users for kitchen organization
-  Office staff for document labeling
-  School staff for classroom labeling

Who It Is Not For

-  Users needing inkjet-compatible labels
-  Those requiring adhesive with residue
-  People needing labels for outdoor use only
-  Users without Memoking/Phomemo D30 printers

Trade Offs to Consider

-  Limited color options compared to inkjet
-  Requires specific printer compatibility
-  No residue but may need careful handling
-  Higher cost than standard labels

Users Say

● POSITIVES

- ✓ No residue left after removal
- ✓ Waterproof and durable for varied environments

● COMPLAINTS

- ⚠ Limited color options available
- ⚠ Requires specific printer compatibility

How It Compares

- Durable and waterproof compared to standard labels
- Gradient design vs. solid color options
- No ink needed vs. inkjet labels
- Specific printer compatibility vs. universal use

Choose This If...

- ✓ Need durable, self-adhesive thermal labels
- ✓ Use Memoking/Phomemo D30 printers
- ✓ Want waterproof labels for indoor/outdoor use

Skip This If...

- × Require universal printer compatibility
- × Need standard color label options
- × Prioritize low-cost label solutions
