## Who It Is For

---

-  Home offices and small businesses
-  Travelers needing portable printing
-  Outdoor workers with portable printers
-  Schools for class notes and handouts
-  Businesses printing invoices and contracts
-  Meeting attendees needing quick notes

## Who It Is Not For

---

-  Users with inkjet or laser printers
-  Those needing colored thermal paper
-  Businesses requiring long-term archival
-  Individuals needing non-thermal paper

## Trade Offs to Consider

---

-  Limited 10-year archival lifespan
-  Requires cool, dry storage conditions
-  Limited to specific printer models
-  No color printing capability
-  Single-use paper with no ink required
-  Not suitable for long-term digital storage

## Users Say

---

### ● POSITIVES

- ✓ Clear prints for invoices and contracts
- ✓ Convenient 100-sheet pack for frequent use
- ✓ No ink needed reduces printing costs
- ✓ Smooth finish for professional-looking documents

---

### ● COMPLAINTS

- ⚠ Limited to specific printer models
- ⚠ Requires careful storage to avoid fading
- ⚠ Not suitable for long-term archival
- ⚠ No color options available

## How It Compares

---

- More durable than standard thermal paper
- Less expensive than premium archival paper
- More compatible than generic thermal paper
- Less versatile than color-printing paper
- More suitable for short-term use
- Less eco-friendly than recycled paper

## Choose This If...

---

- ✓ You need A4 thermal paper for Brother M832/M833/M834/M835/M836 printers
- ✓ You require durable, quick-drying paper for short-term use
- ✓ You need BPA-free, no-ink paper for cost-effective printing
- ✓ You want 100 sheets in a compact, portable pack
- ✓ You prioritize compatibility with specific thermal printer models
- ✓ You need paper for invoices, contracts, and meeting notes

## ✗ Skip This If...

---

- ✗ You need color-printing capabilities
- ✗ You require long-term archival beyond 10 years
- ✗ You need paper compatible with inkjet or laser printers
- ✗ You prioritize eco-friendly or recycled paper options
- ✗ You need paper for digital storage or long-term records
- ✗ You require non-thermal paper for general printing
