## Who It Is For

---

- ✓ Fits in backpack or briefcase
- ✓ Prints receipts and documents anywhere
- ✓ Travelers needing on-the-go printing
- ✓ Students printing notes or assignments

## Who It Is Not For

---

- ✗ Users needing color printing
- ✗ Large paper size requirements
- ✗ High-speed batch printing
- ✗ Those without thermal paper

## Trade Offs to Consider

---

- Less than 150 sheets per charge
- Only black and white output
- Smaller than standard thermal printers
- No permanent installation

## How It Compares

---

- Smaller than standard thermal printers
- More battery life than similar models
- Fewer paper size options
- No color printing capability

## Choose This If...

---

- ✓ Need portable printing for travel
- ✓ Print documents without ink supplies
- ✓ Require black and white output only
- ✓ Travel with limited storage space

## Skip This If...

---

- ✗ Need color printing capabilities
- ✗ Require large paper size options
- ✗ Expect high-speed batch printing
- ✗ Want permanent installation
