

PokeLabel M832 Wireless Thermal Printer – Bluetooth Mobile Printer for Phones & Laptops

QUICK BUYER GUIDE

Ideal for users needing fast wireless label printing from smartphones and laptops

At a Glance Specs

PRINT SPEED

Prints up to 18 pages per minute in monochrome

INK TYPE

Uses thermal ink for no-ink maintenance

WEIGHT

Weighs 1.52 pounds for portability

COLOR DEPTH

24-bit color depth for detailed prints

PAPER SUPPORT

Supports US Letter and A4 thermal paper sizes

CONNECTIVITY

Connects via Bluetooth and USB to devices

POWER

Requires 2 lithium polymer batteries

Who It Is For

-  Users needing fast label printing on-the-go
-  Businesses requiring mobile receipt printing
-  Individuals managing small inventory labels
-  Retailers needing portable thermal printing

Who It Is Not For

-  Users requiring color printing capabilities
-  Businesses needing high-volume printing
-  Users needing specialized paper formats
-  Those prioritizing long battery life

Trade Offs to Consider

- Limited to monochrome printing only
- Battery life may vary with frequent use
- Requires specific thermal paper
- No built-in scanning for documents

How It Compares

- Better than basic receipt printers for label versatility
- Less durable than industrial thermal printers
- More expensive than entry-level Bluetooth models
- Fewer features than multifunction printers

Choose This If...

- ✓ Need portability for on-the-go printing
- ✓ Require fast monochrome label output
- ✓ Use thermal paper for cost-effective printing
- ✓ Want Bluetooth connectivity for mobile devices

✗ Skip This If...

- ✗ Need color printing capabilities
- ✗ Expect high-volume printing daily
- ✗ Prioritize long battery life
- ✗ Require advanced scanning features
