

POLONO D810 Inkless Bluetooth Thermal Printer for Travel, Office, and Home Use

QUICK BUYER GUIDE

Business travelers needing wireless, inkless printing for receipts, labels, and documents

At a Glance Specs

THERMAL PAPER ONLY

Uses thermal paper for black-and-white prints

WIRELESS PRINTING

Bluetooth connectivity for iOS/Android devices

PAPER SIZE

Supports US Letter and A4 thermal paper

PRINT CAPACITY

20-sheet input with 20 sheets included

PRINT QUALITY

300 dpi resolution for clear text

BATTERY LIFE

49 minutes of operation per charge

COMPATIBILITY

Requires USB drivers for PC use

Who It Is For

-  Users needing portable, wireless printing
-  Business travelers requiring on-the-go receipts
-  Office workers needing label printing
-  Home users with limited desk space

Who It Is Not For

-  Chromebook users without USB drivers
-  Users requiring color printing
-  Those without thermal paper supply
-  High-volume print tasks

Trade Offs to Consider

- Limited to black-and-white output
- Requires specific thermal paper
- Battery life for 200 sheets only
- PC setup needs USB driver installation

How It Compares

- Better than inkjet for travel use
- Simpler than laser printers
- Less versatile than multifunction devices
- More limited than color printers

Choose This If...

- ✓ Need wireless, inkless printing
- ✓ Travel with limited power access
- ✓ Print labels or receipts on the go
- ✓ Use thermal paper for eco-friendly output

✗ Skip This If...

- ✗ Require color printing
- ✗ Use Chromebook without USB drivers
- ✗ Need high-volume printing
- ✗ Lack thermal paper supply
