

PRT CP6000 4x6 Photo Printer – Wireless Home Printer with AR Video & App

QUICK BUYER GUIDE

Ideal for home users wanting to print photos from phones with AR features and app integration

At a Glance Specs

PRINTING TECHNOLOGY

Dye sublimation for waterproof, fade-proof prints

CONNECTIVITY

Wi-Fi and Bluetooth for phone app printing

PRINT SIZE

4x6 inch borderless photos

PORTABILITY

Compact design with 20-sheet paper included

COLOR OPTIONS

Full-color 300DPI prints with 24-bit depth

POWER USE

10 watt energy consumption

Who It Is For

- ✓ Home users printing personal photos
- ✓ Gift-givers needing instant keepsakes
- ✓ Travelers capturing memories on the go
- ✓ Parents creating printable photo albums

Who It Is Not For

- ✗ Businesses requiring high-volume printing
- ✗ Users without compatible smartphones
- ✗ Those needing document scanning
- ✗ Users requiring double-sided printing

Trade Offs to Consider

- Print speed 35 ppm vs. larger printers
- Higher cost per print vs. inkjet alternatives
- App dependency for full features

How It Compares

- Better than basic printers for AR features
- Smaller than desktop printers but less capacity
- More expensive than laser printers

Choose This If...

- ✓ Need home photo printing with app controls
- ✓ Want AR-enhanced memory keepsakes
- ✓ Looking for compact travel-friendly printer

Skip This If...

- ✗ Require high-volume daily printing
- ✗ Need document scanning capabilities
- ✗ Want duplex printing or faster speeds
