**Monochrome printing only**

## Who It Is For

---

-  E-commerce sellers printing shipping labels
-  Logistics staff needing portable printing
-  Small businesses with limited desk space
-  Users requiring Bluetooth connectivity
-  Warehouses needing fast label printing
-  Online retailers using multiple marketplaces

## Who It Is Not For

---

-  Users needing color label printing
-  Those without Bluetooth-enabled devices
-  Businesses requiring larger label sizes
-  Users needing direct thermal paper compatibility
-  High-volume print shops
-  Customers prioritizing USB-only connectivity

## Trade Offs to Consider

---

-  Limited to monochrome output only
-  Requires weekly maintenance for print head
-  No built-in label storage
-  Dependent on Bluetooth pairing
-  Smaller footprint than desktop models
-  No automatic label loading feature

## Users Say

---

### ● POSITIVES

- ✓ Easy to set up with included drivers
- ✓ Works well with multiple e-commerce platforms
- ✓ Portable for on-the-go use

### ● COMPLAINTS

- ⚠ No color printing capability
- ⚠ Limited label size options
- ⚠ Requires regular maintenance

## How It Compares

---

- Faster than desktop models for small batches
- More portable than USB-only printers
- Fewer features than premium label printers
- Less durable than industrial-grade models
- Better connectivity options than older thermal printers
- Smaller footprint than desktop alternatives

## Choose This If...

---

- ✓ Need wireless shipping label printing
- ✓ Use multiple e-commerce platforms
- ✓ Require portable label printing
- ✓ Print 4x6 inch labels regularly

## Skip This If...

---

- × Need color label printing
- × Require larger label sizes
- × Have high-volume printing needs
- × Prefer USB-only connectivity
