## Who It Is For

---

-  Users requiring reliable, high-quality prints
-  Owners of DesignJet T730/T830 printers
-  Those needing archival-grade water-resistant prints
-  Professionals prioritizing color accuracy

## Who It Is Not For

---

-  Users with non-DesignJet compatible printers
-  Those seeking lower-cost third-party alternatives
-  Individuals needing non-genuine ink options
-  Users prioritizing short-term cost savings

## Trade Offs to Consider

---

-  Higher cost than third-party alternatives
-  Environmental impact of closed-loop recycling
-  Limited color options compared to dye-based inks
-  No refillable design for long-term use

## How It Compares

---

- More expensive than remanufactured inks
- Better color retention than dye-based inks
- Includes eco-friendly recycling process
- No refillable design for cost-effective use

## Choose This If...

---

- ✓ Need reliable, archival-quality prints
- ✓ Use DesignJet T730/T830 printers
- ✓ Prioritize color accuracy and durability

## Skip This If...

---

- ✗ Seek lower-cost third-party alternatives
- ✗ Need refillable or eco-friendly options
- ✗ Use non-DesignJet compatible devices
