## Who It Is For

---

-  People who need to print on the go
-  Students who need to print notes
-  Remote workers without office access
-  Travelers needing to print receipts
-  Users with limited desk space
-  Those who prefer eco-friendly printing

## Who It Is Not For

---

-  Users needing high-volume printing
-  People who require color printing
-  Those needing duplex printing
-  Users with strict paper size requirements
-  Individuals needing advanced print settings
-  People who print frequently without power access

## Trade Offs to Consider

---

-  Limited paper size options
-  No duplex printing capability
-  Lower print resolution than laser printers
-  Requires batteries for full portability
-  Not suitable for large print jobs
-  No advanced print settings available

## Users Say

---

### ● POSITIVES

- ✓ Great for printing receipts and labels
  - ✓ Easy to set up and use
  - ✓ Lightweight and compact design
  - ✓ Works well with mobile devices
  - ✓ Good battery life for travel
- 

### ● COMPLAINTS

- ⚠ Limited paper size options
- ⚠ No duplex printing feature
- ⚠ Print quality not as sharp as laser printers
- ⚠ Battery life may vary with use
- ⚠ Not ideal for high-volume printing

## How It Compares

---

- Better than traditional inkjet printers for portability
- Less powerful than laser printers for volume
- More eco-friendly than inkjet printers
- Simpler to use than desktop printers
- Not as versatile as multifunction printers
- Better for travel than desktop printers

## Choose This If...

---

- ✓ You need to print on the go
- ✓ You prefer eco-friendly printing
- ✓ You have limited desk space
- ✓ You need a lightweight printer
- ✓ You print small documents often
- ✓ You use mobile devices for printing

## ✗ Skip This If...

---

- ✗ You need high-volume printing
- ✗ You require color printing
- ✗ You need duplex printing
- ✗ You print large documents often
- ✗ You need advanced print settings
- ✗ You have no access to power
