

vretti 420B-WIFI Wireless Thermal Label Printer for Small Business & Package Shipping

QUICK BUYER GUIDE

Small businesses needing wireless shipping labels for online sales and package shipping

At a Glance Specs

WIRELESS CONNECTIVITY

Prints via 2.4GHz Wi-Fi with dedicated app

BUILT-IN LABEL HOLDER

Stores 500 pieces of 4x6 labels internally

PRINT SPEED

72 ppm monochrome, 1 ppm color

WEIGHT

1 kg for portability and ease of use

THERMAL PRINTING

Monochrome labels using heat-sensitive paper

PLATFORM COMPATIBILITY

Works with Windows, macOS, iOS, and Android

LABEL SIZE RANGE

Prints 1"-4.5" labels (max 4.25")

Who It Is For

-  E-commerce sellers managing multiple platforms
-  Small businesses with frequent package shipping
-  Users needing 4x6 label compatibility
-  Online retailers using Etsy or Shopify

Who It Is Not For

-  Users relying on 5GHz Wi-Fi networks
-  Businesses requiring color label printing
-  High-volume print operations
-  Users needing USB-only connectivity

Trade Offs to Consider

- Requires specific apps for setup and printing
- Limited to 4.25" maximum print width
- No 5GHz Wi-Fi support for modern networks
- Slower color print speed compared to inkjet

How It Compares

- Wireless vs. USB-connected alternatives
- Thermal vs. inkjet label printers
- Built-in label storage vs. external holders
- Single-platform vs. multi-platform support

Choose This If...

- ✓ Need wireless shipping label printing
- ✓ Use 4x6 labels for packages
- ✓ Manage multiple e-commerce platforms
- ✓ Require built-in label storage

Skip This If...

- × Depend on 5GHz Wi-Fi networks
- × Need color label printing
- × Expect high-speed printing
- × Require USB-only connectivity
