-  Hospitality businesses needing signage

Who It Is Not For

-  Users requiring sublimation printing
-  Those without laser printers
-  Applications needing flexible design options
-  Budget-conscious buyers prioritizing cost
-  Projects requiring custom cut shapes

Trade Offs to Consider

-  Less durable than plastic alternatives
-  Thicker than standard cards (bulkier)
-  Limited design options without laser
-  Higher cost than plastic cards
-  Less flexible for custom shapes
-  Not suitable for sublimation transfers

How It Compares

- Durable vs. plastic cards
- Thicker than standard sizes
- Laser-only engraving vs. print
- No sublimation options
- Higher price point
- Limited design flexibility
